

**NON-EXCLUSIVE
EASEMENT AGREEMENT**

THIS AGREEMENT is made this ____ day of _____, 200__, between _____, a _____, (“Grantor” herein whether singular or plural), and **SOUTHGATE SANITATION DISTRICT**, Arapahoe and Douglas Counties, Colorado, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”), whose legal address is 3722 East Orchard Road, Centennial, Colorado 80121.

FOR GOOD AND VALUABLE CONSIDERATION, the receipt and sufficiency whereof are acknowledged, Grantor hereby grants to the District, its successors and assigns, a permanent non-exclusive right to enter, reenter, occupy and use the property situate in the County of _____, State of Colorado, and more fully described on Exhibit _____ attached hereto and incorporated herein by reference (the “Property”), to construct, lay, install, inspect, monitor, maintain, repair, renew, substitute, change the size of, replace, remove, operate and use one or more underground sanitary sewer pipelines, manholes, and all underground and surface appurtenances thereto, of such size and capacity as necessary or required by the District, in, through, over and across the Property.

IT IS HEREBY MUTUALLY COVENANTED AND AGREED by and between the parties as follows:

1. The District shall have and may exercise the right of ingress and egress in, to, over, through and across the Property for any purpose needful for the full enjoyment of any other right of occupancy or use provided for herein.

2. Grantor shall neither cause nor permit the parking or storage of vehicles or other goods or equipment, or the construction or placement of any structure or building, street light, power pole, yard light, mailbox or sign, temporary or permanent, or the planting of any tree, woody plant or nursery stock, of any kind, on any part of the Property. Where paved roadways are installed on all or any part of the surface of the Property they shall be installed and maintained by Grantor on and over the entire width thereof, with no planters, islands or median structures. The lateral edges of the Property shall be clearly delineated by permanent surface features approved in advance by the District. Any prohibited use or installation located on the Property as of or after the date of this Agreement, including installations not conforming to Paragraph 7 hereof, may be removed by the District at Grantor’s expense without liability for damages arising therefrom.

3. Fences existing as of the date hereof which are disturbed or destroyed by the District in the exercise of its rights hereunder shall be replaced by the District to their original condition as nearly as may reasonably be done. Grantor shall not, however, construct or install new fencing across or within the Property without the written approval of the District.

4. All sewer pipelines installed within the Property shall be laid not less than four and one-half feet below the surface of the adjacent ground.

5. The District shall have and may exercise the right of subjacent and lateral support to whatever extent is necessary or desirable for the full, complete and unmolested enjoyment of the rights herein granted. Grantor shall neither take nor permit any action which would impair the lateral or subjacent support for any sewer pipelines or appurtenances. Grantor shall not modify the earth cover over a District pipeline without advance written authorization from the District, which shall provide for full payment or reimbursement to the District of all costs of adjusting District facilities made necessary by such modification.

6. After any construction or other operations by the District which disturb the surface of the Property, the District will restore the general surface of the ground, including paving and authorized appurtenances as nearly as may reasonably be done to the grade and condition it was in immediately prior to construction, except as necessarily modified to accommodate District facilities. Topsoil shall be replaced in cultivated and agricultural areas, and any excess earth resulting from installations by the District shall be removed from the Property at the sole expense of the District. For a period of one year following disturbance of the surface of the Property by the District, the District will maintain

the surface elevation and quality of the soil by correcting any settling or subsiding that may occur as a result of the work done by the District.

7. Service lines from adjacent properties receiving service from District facilities in the Property, and other public utilities such as water, storm sewer, gas, electric, and telephone, but not cable TV lines, may be installed in the Property, *provided* that they do not interfere with the District's rights herein granted. Public utilities which cross the Property shall cross at approximately right angles, and utilities which parallel the District's facilities shall not be located closer than ten feet thereto. Except for utilities as herein authorized and for roadways, all surface and subsurface uses of the Property, including fences, trails, bikepaths *etc.*, must be approved in writing by the District before installation.

8. Grantor retains the right to the undisturbed use and occupancy of the Property insofar as such use and occupancy are consistent with and do not impair any grant or covenant herein contained.

9. The District is acquiring its rights in the Property in order to insure to it a dominant easement for the exercise of the District's functions. The exercise of any rights in the Property other than those expressly retained by Grantor shall be within the discretion of the District. The District may permit and authorize such other uses of the Property not reserved in Grantor as will not impair the District's dominant rights, upon payment of reasonable compensation to the District and upon such terms, limitations and conditions as the District shall find reasonably necessary to protect its dominant right of occupancy without undue or unnecessary injury to or impairment of the estate retained by the Grantor.

10. If the District, by written instrument, abandons or releases its rights herein granted and ceases to use the same, all right, title and interest of the District hereunder shall cease and terminate, and the Grantor or its successors in title shall hold the Property, as the same may then be, free from the rights so abandoned or released and shall own all material and structures of the District so abandoned or released, but nothing herein shall be construed as working a forfeiture or abandonment of any interest derived hereunder and not owned by the District at the time of the termination of the District's rights.

11. Grantor warrants that it has full right and lawful authority to make the grant herein contained, and promises and agrees to defend the District in the exercise of its rights hereunder against any defect in title or in Grantor's right to make said grant, subject to general taxes for the year this instrument is recorded, and subject further to easements, encumbrances, exceptions, limitations, restrictions and reservations contained in instruments of record prior to the date this Agreement is recorded.

12. Each and every one of the benefits and burdens of this Agreement shall inure to and be binding upon the respective legal representatives, heirs, executors, administrators, successors and assigns of the parties hereto.

13. This writing constitutes the whole agreement between the parties and no additional or different oral representation, promise or agreement shall be binding on any of the parties hereto with respect to the subject matter of this instrument.
