

## MISCELLANEOUS CHARGES

### DISCONNECTION/RECONNECTION AND CURE CHARGE

1. Whenever any water or sewer service is physically disconnected, interrupted, or reconnected by the District for any reason, the Property Owner or any other person liable shall reimburse the actual costs incurred by the District for such work (calculated in accordance with the rates set forth in Appendix 1 of the Rules and Regulations).
2. Whenever the District cures any defect, deficiency, nonconformity or violation as provided in the Rules and Regulations, any person who is responsible to cure such condition, or whose act or omission resulted in the necessity for the curative action, shall be liable and obligated to reimburse the actual costs incurred by the District for such undertaking (calculated in accordance with the rates set forth in accordance in Appendix 1 of the Rules and Regulations).

### SPECIAL SERVICES/REIMBURSEMENT FEES

1. There are fees and charges which are imposed and assessed for the purposes set forth in the Rules and Regulations of the District pursuant to the contractual or other obligations of the District for specific areas in which the main line has been extended by an individual or group. The purpose of this fee is to re-coup the costs incurred by that individual group.
2. Any questions regarding these fees and charges can be addressed when calling the District.

**FIRE PROTECTION**

The right to **tap** a District main for private fire protection service or to take and use water from the District System is granted only upon the following conditions:

1. The Property Owner has secured a license for such tap or service from the District, and **has paid the \$100.00 fee** in connection therewith.
2. If the water is to be supplied for fire protection through the same service line through which water is supplied for other purposes, for the Licensed Premises, the fire protection facilities shall be installed so as to prevent the use of water through such facilities for any purpose other than fighting fires.
3. The District assumes no obligation or responsibility for adequacy of private fire protection service.
4. The only use for which water may be taken from private fire protection facilities under License is to extinguish fires. Any other use of water, except routine testing, for which facilities shall be deemed unauthorized use of water for which a license for fire protection may be suspended or revoked.

**TAP PERMIT RENEWAL**

If a permit was issued and the tap was not activated before the expiration date (two years after date of permit), then a **\$50.00 administration fee** is charged for a renewal of the tap permit. The difference between the current year's taps amount and the previous years tap amount(s) is also collected before renewal of the tap permit.
